

Sunday March 2nd

Following worship in the Fellowship Hall

Wisdom Exchange on Artificial Intelligence

Introductory discussion as several people in the church have dipped their toes in.

- What is this thing called AI?
- What does it mean to me in my daily life either at home or the workplace?
- How will I benefit from it?
- Focus on Chat GPT and common tools and usage.

Since this is of value to all we recommend to YOUTH 13 and older to attend.

March 5th

- Noon
- 7:00pm
- Both services will be held in sanctuary
